practice, it is no longer necessary to enclose copies of U.S. Patents.

Reference 4, DE 43 03 719, discloses a safety seat, for vehicles, having a seat base, back and side parts and a safety belt arrangement to secure the persons to be transported, the safety seat being constructed as a closed textile cover (10) with an entry (14), the cover having a seat base (11) and enclosing the occupant's body in the back and sides to above head height, and the cover (10) being fixable above and below, by means of fastening belts (19, 20) fitted thereto, between vehicle-fixed fastening points provided on the floor and in the roof area of the vehicle, the safety seat offering, on the one hand, effective securing of occupants against, in particular, transverse accelerations and, on the other hand, being capable of being dismantled easily for transportation.

Copies of the listed documents, with the exception of any US Patent references, are submitted herewith along with the form PTO-1449.

It is respectfully requested that any fees required and not enclosed herewith or any shortages in any fees be charged to Deposit Account 02-1653.

Consideration of the foregoing in relation to this application is respectfully requested.

Respectfully submitted,
